## SPORTS 2000 - WHO WILL BE THE 2021 CHAMPIONS ?

The Creative Funding Solutions Sports 2000 Championship is coming to a climax ! This weekend (02/03 October) at Snetterton final three races of the season will be held.

With the current national (UK) fuel situation we hope that everyone manages to get to the race meeting (and back home !) and the races do not end up as economy run!

After a great race meeting at Brands on 18/19 September where there was lots of great racing, all 3 championships remain hotly contested. Plus there are a few drivers still looking for their first wins of the season so in both Duratecs & Pinto categories the racing this weekend will be close and exciting again!

In the Duratec Championship Tom Stoten may have a bit of a lead, but with Josh Law winning at Brands, Michael Gibbins looking to return to winning ways and Dominic Lesniewski very hungry, Tom will be under pressure so anything could happen !

In class B of the Duratecs there are a number of seasoned competitors aiming to winning the bragging rights ! So watch out for John Owen (MCR), Grant Gibson (Van Diemen), while in the Derek Bell Trophy Giles Billingsley is favourite with Roger Donnan hoping to at least hang on to Giles coat tails &/or maybe sneak by !

The Pinto and the Pinto Historic Championship are living up to the traditions of this long established racing category. The racing is close and with the variation of the 12 corners on the Snetterton 300 layout, mistakes will be quickly punished, and given the equal nature of the cars, overtaking will not be easy.

Ross Hyett will be back in his Lola and looking to secure the Pinto championship. The Needhams (father & son - Peter & Josh) will be pushing him hard, and probably hoping for a bit of luck too !

Pinto Historic championship contenders are locked in a close contest. Trevor Walsh looks to have the upper hand over Mike Fry & Clive Steeper in a brace of Tigas. In the mix for race wins this weekend will be John Hamer (Tiga) who dominated at Brands; winning all 3 Pinto races outright. And the wily stalwart Chris Snowdon (Tiga) will be racing as hard as ever, so watch out for some great dicing amongst these drivers.
