## Episode 13

### SAFETY EQUIPMENT FOR RACECARS

Host, Sue Stockdale talks to Jim Morris, from Lifeline Fire & Safety Systems about the latest changes in safety regulations for fire extinguishers, and how technology advances such as biofuels and electrification impact the design and manufacture of safety equipment for race cars.

Jim is also a keen amateur competitor racing his dad's original Volkswagen Golf GTI from the 1981 - 1982 season. He won the small class Gerry Marshall Trophy race at the 2021 Goodwood Members meeting.

Lifeline Fire & Safety Systems is a specialist motorsport fire suppression & safety company supplying a range of safety equipment, fire extinguishing systems, safety harnesses, crash and roll cage paddings, rain lights and steering mechanisms to the global motorsport market.
